Issue 188 Editor Miss S A Jones

Lomeshaye Life

It has been another great week at Lomeshaye Junior School. All pupils have returned to school with a desire to learn and to achieve well this half term which is very pleasing to see.

Please can I remind everyone that at home time it is important for you all to **WEAR A MASK** and stand **2M APART WHEN WAITING** for your child's class to come out of school.

A huge well done to everyone that attended school this week. The classes with the winning attendance were 4 Chestnut and 4 Willow with 100%. Congratulations to the whole school as our school attendance figure was 98.6%, which is fantastic. We hope that we have another great week for attendance next week.

Clothing Layers— As the weather is getting colder now and we have to keep all of our rooms well ventilated due to Covid-19 we are asking families to ensure that their children come to school appropriately dressed for the class environment. This may mean that they will need to come to school with additional layers of clothing underneath their school uniform. Also, if you would like to send an additional jumper or fleece to school for your child to wear please ensure your child's name is on it and it is in a carrier bag that can be left at school.

2 Minutes Silence— This week saw the whole school participate in 2 minutes of silence on Remembrance Day to commemorate all those that have lost their lives in all wars. The children have also raised a huge amount of money to send to the Royal British Legion—well done everyone!

Have a look at our photos from last weeks Always Children Reward time!!!
