# Lomeshaye Life

**It has been a superb week at Lomeshaye Junior School. All classes have remained in school for another full week and have been working incredibly hard.**

**Please can I remind everyone that at home time it is important for you all to WEAR A MASK and stand 2M APART WHEN WAITING for your child's class to come out of school.**

**A huge well done to everyone that attended school this week. The class with the winning attendance was 4 Willow with 99.3%. Congratulations to the whole school as our school attendance figure was 96.4%, which is great news. We hope that we have another great week for attendance next week.**

**Ventilation**— A new short film has been released by the government which shows how coronavirus lingers in enclosed spaces, and how to keep your home ventilated. Research shows that being in a room with fresh air can reduce the risk of infection from particles by over 70%. This film urges you to adopt simple health behaviours to help reduce the risk of the virus spreading. To view the video go to: [vimeo.com/479780249/984a55318f](https://vimeo.com/479780249/984a55318f)

**UN Convention on the Rights of the Child**— today saw the anniversary of the signing of the UN Convention on the Rights of the Child. It was on this day, 31 years ago, that this treaty was signed. At Lomeshaye Junior School rights are incredibly important to us, we learn about them, learn through them and learn for them. We recognise and celebrate that every child has rights, whatever their ethnicity, gender, religion, language, abilities or any other status.

**Anti-Bullying Week**— this week children in classes have been thinking about what bullying actually is and some strategies of how to deal with it. While we have few cases of bullying at school, it is important that our children know and understand what it is and how to deal with it if they ever experience bullying in their lives. Why not take a look at the video link that your child watched at school?
